Dear Peter,

As Mayor of the City of Danbury, I am writing this letter to update you on the recently completed Roberts Avenue replacement School, now known as Ellsworth Avenue School.

The use of Project Labor Agreements on this school and the Magnet School has proved to be of great value to the City of Danbury by completing projects under budget and on time and providing career opportunities for local residents in apprenticeship programs.

Additionally, and of even greater importance was the fact that during the entire project, there was no work time lost due to accidents. These important factors, coupled with the overall high quality of work, make it is easy to see why this job was such a success.

I truly support the use of these Agreements and the value they bring to our municipality.

Sincerely,

A handwritten signature in black ink, appearing to be "M. Boughton", written over a printed name and title.
